**** NEXT COUNCIL MEETING OCTOBER 10, 2024 6:30 PM ****

**BOROUGH OF ENGLISHTOWN
RESOLUTION 2024-138**

**RESOLUTION AUTHORIZING APPLICATION FOR LOAN FROM THE NEW
JERSEY ENVIRONMENTAL INFRASTRUCTURE TRUST FOR THE NEW WATER
SUPPLY WELL PROJECT**

WHEREAS, the Borough of Englishtown is a public body duly formed pursuant to and in accordance with the Municipal and County Utilities Authorities Law, N.J.S.A. 40:14B-1 et seq., and possesses the powers set forth herein; and,

WHEREAS, the Borough of Englishtown is empowered to adopt this Resolution pursuant to and in accordance with the Municipal and County Utilities Authorities Law; and,

WHEREAS, the Borough of Englishtown intends to file a loan application with the New Jersey Department of Environmental Protection and the New Jersey Environmental Infrastructure Trust (“NJEIT”) for financing of the Borough’s New Water Supply Well Project, Number 1326001-001 (“Project”); and,

WHEREAS, the Project scope includes the installation of a replacement well of similar specifications and location (within 100 feet) of the Borough’s currently inoperable primary well; and,

WHEREAS, Colliers Engineering & Design, the Borough’s consulting engineer for the Project, has been engaged to complete the application on behalf of the Township; and,

WHEREAS, NJEIT requires the Township to appoint a representative to serve on behalf of the Township in all matters in relation to this Project.

NOW, THEREFORE, BE IT RESOLVED by the Municipal Council of the Borough of Englishtown hereby authorize the filing of a loan application with the New Jersey Department of Environmental Protection and the New Jersey Environmental Infrastructure Trust (“NJEIT”) for the financing of the Borough’s New Water Supply Well project and designate Kerry Killeen, Municipal Clerk, to act as the Authorized Representative to represent the Borough in all matters relating to the Project undertaken pursuant to the above-referenced New Jersey Environmental Infrastructure Loan to be executed with the New Jersey Department of Environmental Protection

**BOROUGH OF ENGLISHTOWN
RESOLUTION NO. 2024-139**

**RESOLUTION OF THE BOROUGH OF ENGLISHTOWN
COUNTY OF MONMOUTH, STATE OF NEW JERSEY
AUTHORIZING THE PAYMENT OF BOROUGH BILLS**

WHEREAS, the Mayor and Council have carefully examined all vouchers presented to the Borough for the payment of claims; and

WHEREAS, after due consideration of the said vouchers, the Mayor and Council have approved payment of same.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Borough of Englishtown, County of Monmouth, as follows:

1. The said approved vouchers amounting to the sum of \$481,443.27 are hereby authorized to be paid on September 25, 2024.
2. The Borough Clerk is hereby directed to list on the page in the Minutes Book following the minutes of this meeting all of the said vouchers hereby authorized to be paid.

Council Member	Motion/Second	Aye	Nay	Abstain	Absent
Jewusiak					
M. Lewis					
W. Lewis					
Reque					
Sabin					
Sarti					
Mayor Francisco	tie vote only				

I do hereby certify the above to be a true copy of a resolution adopted by the Governing Body of the Borough of Englishtown at a regular meeting held September 25, 2024.

Kerry Killeen, Municipal Clerk

**BOROUGH OF ENGLISHTOWN
ORDINANCE NO. 2024-16**

**ORDINANCE AMENDING CHAPTER 620 OF THE BOROUGH CODE REGARDING ZONING
WITH RESPECT TO LIVESTOCK**

BE IT ORDAINED by the Borough of Englishtown of the County of Monmouth in the State of New Jersey that the Zoning Ordinance, Chapter 620, shall be amended as follows:

§620.31 Prohibition to Livestock in Any Zone in Englishtown Borough Except for Chickens

- (a) Purpose: The purpose of this Ordinance is to prohibit the keeping, breeding and raising of livestock within the boundaries of the Borough of Englishtown to promote public health, safety and welfare.
- (b) Definition: Livestock shall mean animals typically kept for agriculture, breeding or recreational purposes, including but not limited to horses, cows, pigs, goats, sheep, chickens, ducks, turkeys, geese, llamas, alpacas and other farm animals.
- (c) Prohibition: No person shall keep, breed or raise livestock, except for chickens, within the boundaries of Englishtown Borough, including residential, commercial, industrial and any other designated zoning areas.
- (d) Exceptions:
 - a. Veterinary clinics, animal hospitals and animal shelters operated in compliance with all applicable local, state and federal regulations.
 - b. Temporary agricultural events such as fairs, petting zoos or educational exhibits provided that property permits are obtained from the Township and the events comply with all health and safety regulations.
 - c. Existing livestock operations that have been lawfully established prior to the enactment of this Ordinance may continue to operate under a grandfather clause, provided that they comply with all relevant health and safety regulations. However, any expansion or increase in the number of livestock, except for chickens, shall be prohibited.
 - d. Chickens, while permitted, be required to be kept in a roofed shelter or coop and enclosed in a fenced area. Chickens are not permitted to roam freely beyond the limits of the shelter/coop. Chain-link, metal wire or mesh fence shall fully enclose the chicken run and shall be securely constructed with fence or netting overhead. All feedings shall occur inside of the coop and not in the chicken run.

**BOROUGH OF ENGLISHTOWN
ORDINANCE No. 2024-17**

**AN ORDINANCE AMENDING CHAPTER 422 ENTITLED
“STORMWATER CONTROL” TO INCLUDE NEW SECTION**

Section I. Scope and Purpose:

A. Policy Statement

Flood control, groundwater recharge, and pollutant reduction shall be achieved through the use of stormwater management measures, including green infrastructure Best Management Practices (GI BMPs) and nonstructural stormwater management strategies. GI BMPs should be utilized to meet the goal of maintaining natural hydrology to reduce stormwater runoff volume, reduce erosion, encourage infiltration and groundwater recharge, and reduce pollution. GI BMPs should be developed based upon physical site conditions and the origin, nature and the anticipated quantity, or amount, of potential pollutants. Multiple stormwater management BMPs may be necessary to achieve the established performance standards for green infrastructure, water quality, quantity, and groundwater recharge.

B. Purpose

The purpose of this ordinance is to establish minimum stormwater management requirements and controls for “major development,” as defined below in Section II.

C. Applicability

1. This ordinance shall be applicable to the following major developments:
 - i. Non-residential major developments and redevelopment projects; and
 - ii. Aspects of residential major developments and redevelopment projects that are not pre-empted by the Residential Site Improvement Standards at N.J.A.C. 5:21 et seq.
2. This ordinance shall also be applicable to all major developments undertaken by Englishtown Borough.
3. Applicability of this ordinance to major developments shall comply with last amended N.J.A.C. 7:8-1.6, incorporated herein by reference.

D. Compatibility with Other Permit and Ordinance Requirements

Development approvals issued pursuant to this ordinance are to be considered an integral part of development approvals and do not relieve the applicant of the responsibility to secure required permits or approvals for activities regulated by any other applicable code, rule, act, or ordinance. In their interpretation and application, the provisions of this ordinance shall be held to be the minimum requirements for the promotion of the public health, safety, and general welfare.

This ordinance is not intended to interfere with, abrogate, or annul any other ordinances, rule or regulation, statute, or other provision of law except that, where any provision of this ordinance imposes restrictions different from those imposed by any other ordinance, rule or regulation, or other provision of law, the more restrictive provisions or higher standards shall control.

Section II. Definitions:

For the purpose of this ordinance, the following terms, phrases, words and their derivations shall have the meanings stated herein unless their use in the text of this ordinance clearly demonstrates a different meaning. When not inconsistent with the context, words used in the present tense include the future, words used in the plural number include the singular number, and words used in the singular number include the plural number. The word "shall" is always mandatory and not merely directory. The definitions used in this ordinance shall be the same as the last amended Stormwater Management Rules at N.J.A.C. 7:8-1.2, incorporated herein by reference.

Section III. Design and Performance Standards for Stormwater Management Measures:

This section establishes design and performance standards for stormwater management measures for major development intended to minimize the adverse impact of stormwater runoff on water quality and water quantity and loss of groundwater recharge in receiving water bodies. Design and performance standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5, incorporated herein by reference.

Section IV. Solids and Floatable Materials Control Standards:

- A. Site design features identified under Section III above, or alternative designs in accordance with Section III above, to prevent discharge of trash and debris from drainage systems shall comply with the following standard to control passage of solid and floatable materials through storm drain inlets. For purposes of this paragraph, "solid and floatable materials" means sediment, debris, trash, and other floating, suspended, or settleable solids. For exemptions to this standard see Section IV.A.2 below.

1. Design engineers shall use one of the following grates whenever they use a grate in pavement or another ground surface to collect stormwater from that surface into a storm drain or surface water body under that grate:
 - i. The New Jersey Department of Transportation (NJDOT) bicycle safe grate, which is described in Chapter 2.4 of the NJDOT Bicycle Compatible Roadways and Bikeways Planning and Design Guidelines; or
 - ii. A different grate, if each individual clear space in that grate has an area of no more than seven (7.0) square inches, or is no greater than 0.5 inches across the smallest dimension. Note that the Residential Site Improvement Standards at N.J.A.C. 5:21 include requirements for bicycle safe grates.

Examples of grates subject to this standard include grates in grate inlets, the grate portion (non-curb-opening portion) of combination inlets, grates on storm sewer manholes, ditch grates, trench grates, and grates of spacer bars in slotted drains. Examples of ground surfaces include surfaces of roads (including bridges), driveways, parking areas, bikeways, plazas, sidewalks, lawns, fields, open channels, and stormwater system floors used to collect stormwater from the surface into a storm drain or surface water body.

- iii. For curb-opening inlets, including curb-opening inlets in combination inlets, the clear space in that curb opening, or each individual clear space if the curb opening has two or more clear spaces, shall have an area of no more than seven (7.0) square inches, or be no greater than two (2.0) inches across the smallest dimension.
2. The standard in IV.A.1. above does not apply:
 - i. Where each individual clear space in the curb opening in existing curb-opening inlet does not have an area of more than nine (9.0) square inches;
 - ii. Where the municipality agrees that the standards would cause inadequate hydraulic performance that could not practicably be overcome by using additional or larger storm drain inlets;
 - iii. Where flows from the water quality design storm as specified in the last amended Stormwater Management rules at N.J.A.C. 7:8 et seq. are conveyed through any device (e.g., end of pipe netting facility, manufactured treatment device, or a catch basin hood) that is designed, at a minimum, to prevent delivery of all solid and floatable materials that could not pass through one of the following:
 - a. A rectangular space four and five-eighths (4.625) inches long and one and one-half (1.5) inches wide (this option does not apply for outfall netting facilities); or
 - b. A bar screen having a bar spacing of 0.5 inches.

Note that these exemptions do not authorize any infringement of requirements in the Residential Site Improvement Standards for bicycle safe grates in new residential development (N.J.A.C. 5:21-4.18(b)2 and 7.4(b)1).

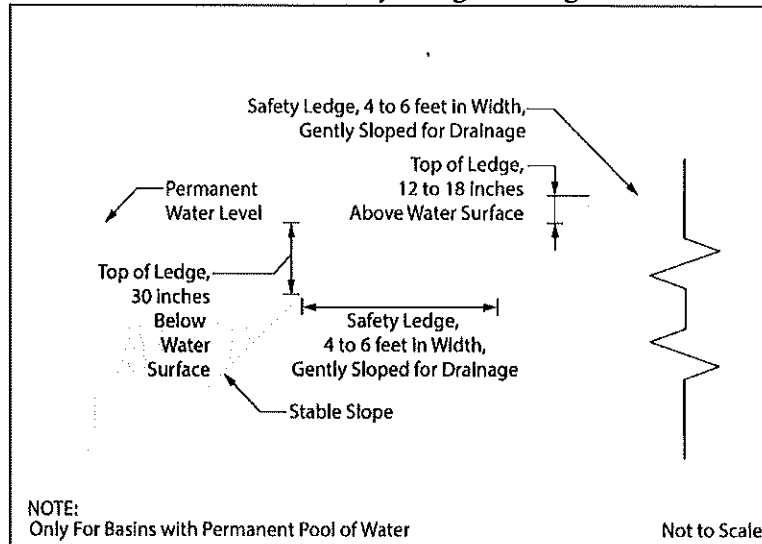

- iv. Where flows are conveyed through a trash rack that has parallel bars with one-inch (1 inch) spacing between the bars, to the elevation of the Water Quality Design Storm as specified in N.J.A.C. 7:8; or
- v. Where the New Jersey Department of Environmental Protection determines, pursuant to the New Jersey Register of Historic Places Rules at N.J.A.C. 7:4-7.2(c), that action to meet this standard is an undertaking that constitutes an encroachment or will damage or destroy the New Jersey Register listed historic property.

Section V. Safety Standards for Stormwater Management Basins:

A. This section sets forth requirements to protect public safety through the proper design and operation of stormwater management basins. This section applies to any new stormwater management basin. Safety standards for stormwater management measures shall comply with last amended N.J.A.C. 7:8-6, incorporated herein by reference.

B. Safety Ledge Illustration

Elevation View –Basin Safety Ledge Configuration

Section VI. Requirements for a Site Development Stormwater Plan:

A. Submission of Site Development Stormwater Plan

1. Whenever an applicant seeks municipal approval of a development subject to this ordinance, the applicant shall submit all of the required components of the Checklist for the Site Development Stormwater Plan at Section VI.C below as part of the submission of the application for approval.
2. The applicant shall demonstrate that the project meets the standards set forth in this ordinance.
3. The applicant shall submit twelve (12) copies of the materials listed in the checklist for site development stormwater plans in accordance with Section VI.C of this ordinance.

B. Site Development Stormwater Plan Approval

The applicant's Site Development project shall be reviewed as a part of the review process by the municipal board or official from which municipal approval is sought. That municipal board or official shall consult the municipality's review

engineer to determine if all of the checklist requirements have been satisfied and to determine if the project meets the standards set forth in this ordinance.

C. Submission of Site Development Stormwater Plan

The following information shall be required:

1. Topographic Base Map

The reviewing engineer may require upstream tributary drainage system information as necessary. It is recommended that the topographic base map of the site be submitted which extends a minimum of 200 feet beyond the limits of the proposed development, at a scale of 1"=200' or greater, showing 2-foot contour intervals. The map as appropriate may indicate the following: existing surface water drainage, shorelines, steep slopes, soils, erodible soils, perennial or intermittent streams that drain into or upstream of the Category One waters, wetlands and flood plains along with their appropriate buffer strips, marshlands and other wetlands, pervious or vegetative surfaces, existing man-made structures, roads, bearing and distances of property lines, and significant natural and manmade features not otherwise shown.

2. Environmental Site Analysis

A written and graphic description of the natural and man-made features of the site and its surroundings should be submitted. This description should include a discussion of soil conditions, slopes, wetlands, waterways and vegetation on the site. Particular attention should be given to unique, unusual, or environmentally sensitive features and to those that provide particular opportunities or constraints for development.

3. Project Description and Site Plans

A map (or maps) at the scale of the topographical base map indicating the location of existing and proposed buildings roads, parking areas, utilities, structural facilities for stormwater management and sediment control, and other permanent structures. The map(s) shall also clearly show areas where alterations will occur in the natural terrain and cover, including lawns and other landscaping, and seasonal high groundwater elevations. A written description of the site plan and justification for proposed changes in natural conditions shall also be provided.

4. Land Use Planning and Source Control Plan

This plan shall provide a demonstration of how the goals and standards of Section III is being met. The focus of this plan shall be to describe how the site is being developed to meet the objective of controlling groundwater

recharge, stormwater quality and stormwater quantity problems at the source by land management and source controls whenever possible.

5. Stormwater Management Facilities Map

The following information, illustrated on a map of the same scale as the topographic base map, shall be included:

- i. Total area to be disturbed, paved or built upon, proposed surface contours, land area to be occupied by the stormwater management facilities and the type of vegetation thereon, and details of the proposed plan to control and dispose of stormwater.
- ii. Details of all stormwater management facility designs, during and after construction, including discharge provisions, discharge capacity for each outlet at different levels of detention and emergency spillway provisions with maximum discharge capacity of each spillway.

6. Calculations

- i. Comprehensive hydrologic and hydraulic design calculations for the pre-development and post-development conditions for the design storms specified in Section III of this ordinance.
- ii. When the proposed stormwater management control measures depend on the hydrologic properties of soils or require certain separation from the seasonal high water table, then a soils report shall be submitted. The soils report shall be based on onsite boring logs or soil pit profiles. The number and location of required soil borings or soil pits shall be determined based on what is needed to determine the suitability and distribution of soils present at the location of the control measure.

7. Maintenance and Repair Plan

The design and planning of the stormwater management facility shall meet the maintenance requirements of Section VII.

8. Waiver from Submission Requirements

The municipal official or board reviewing an application under this ordinance may, in consultation with the municipality's review engineer, waive submission of any of the requirements in Section VI.C.1 through VI.C.6 of this ordinance when it can be demonstrated that the information requested is impossible to obtain or it would create a hardship on the applicant to obtain and its absence will not materially affect the review process.

Section VII. Maintenance and Repair:

A. Applicability

Projects subject to review as in Section I.C of this ordinance shall comply with the requirements of Section VII.B and VII.C.

B. General Maintenance

1. Maintenance for stormwater management measures shall comply with last amended N.J.A.C. 7:8-5.8, incorporated herein by reference.
2. The following requirements of N.J.A.C. 7:8-5.8 do not apply to stormwater management facilities that are dedicated to and accepted by the municipality or another governmental agency, subject to all applicable municipal stormwater general permit conditions, as issued by the Department:
 - i. If the maintenance plan identifies a person other than the property owner (for example, a developer, a public agency or homeowners' association) as having the responsibility for maintenance, the plan shall include documentation of such person's or entity's agreement to assume this responsibility, or of the owner's obligation to dedicate a stormwater management facility to such person under an applicable ordinance or regulation; and
 - ii. Responsibility for maintenance shall not be assigned or transferred to the owner or tenant of an individual property in a residential development or project, unless such owner or tenant owns or leases the entire residential development or project. The individual property owner may be assigned incidental tasks, such as weeding of a green infrastructure BMP, provided the individual agrees to assume these tasks; however, the individual cannot be legally responsible for all of the maintenance required.
3. In the event that the stormwater management facility becomes a danger to public safety or public health, or if it is in need of maintenance or repair, the municipality shall so notify the responsible person in writing. Upon receipt of that notice, the responsible person shall have fourteen (14) days to effect maintenance and repair of the facility in a manner that is approved by the municipal engineer or his designee. The municipality, in its discretion, may extend the time allowed for effecting maintenance and repair for good cause. If the responsible person fails or refuses to perform such maintenance and repair, the municipality or County may immediately proceed to do so and shall bill the cost thereof to the responsible person. Nonpayment of such bill may result in a lien on the property.

C. Nothing in this subsection shall preclude the municipality in which the major development is located from requiring the posting of a performance or maintenance guarantee in accordance with N.J.S.A. 40:55D-53.

Section VIII. Penalties:

Any person(s) who erects, constructs, alters, repairs, converts, maintains, or uses any building, structure or land in violation of this ordinance shall be subject to the following penalties:

Imprisonment in the County Jail for a term not exceeding ninety (90) days or a fine not less than one thousand five hundred (\$1,500) dollars, or both, in the discretion of the Court

Section IX. Severability:

Each section, subsection, sentence, clause and phrase of this Ordinance is declared to be an independent section, subsection, sentence, clause and phrase, and the finding or holding of any such portion of this Ordinance to be unconstitutional, void, or ineffective for any cause, or reason, shall not affect any other portion of this Ordinance.

Section X. Effective Date:

This Ordinance shall be in full force and effect from and after its adoption and any publication as required by law.

**BOROUGH OF ENGLISHTOWN
ORDINANCE 2024-018**

**REFUNDING BOND ORDINANCE AUTHORIZING THE
ISSUANCE OF NOT TO EXCEED \$1,075,000 PRINCIPAL
AMOUNT OF GENERAL OBLIGATION REFUNDING
BONDS BY ENGLISHTOWN BOROUGH (THE
“BOROUGH”), IN THE COUNTY OF MONMOUTH, STATE
OF NEW JERSEY, TO THE MONMOUTH COUNTY
IMPROVEMENT AUTHORITY (THE “MCIA”) FOR THE
PURPOSE OF REFUNDING CERTAIN BONDS
HERETOFORE ISSUED BY THE BOROUGH TO THE MCIA**

WHEREAS, pursuant to the Local Bond Law, N.J.S.A. 40A:2-1 *et seq.*, as amended and supplemented (the “Local Bond Law”), Englishtown Borough, in the County of Monmouth, State of New Jersey (the “Borough”), had previously issued General Obligation Bonds (the “2013 Bonds”) to The Monmouth County Improvement Authority (the “MCIA”) in connection with the MCIA’s Governmental Pooled Loan Revenue Bonds, Series 2013B, dated December 24, 2013; and

WHEREAS, \$1,035,000 of such 2013 Bonds are currently outstanding and can be defeased or are subject to redemption prior to their stated maturity, as applicable (the “Refunded Bonds”); and

WHEREAS, the MCIA and the Borough have determined that refunding bonds can be issued to defease or refund, in whole or in part, such Refunded Bonds which, under current market conditions, can generate a debt service savings to the Borough; and

WHEREAS, the Borough has determined to provide for the defeasance or refunding of the Refunded Bonds through its issuance of General Obligation Refunding Bonds in a principal amount not to exceed \$1,075,000 to the MCIA, as provided in this refunding bond ordinance.

**NOW, THEREFORE, BE IT ORDAINED AND ENACTED BY THE
BOROUGH COUNCIL OF ENGLISHTOWN BOROUGH, IN THE COUNTY OF
MONMOUTH, STATE OF NEW JERSEY (not less than two-thirds of all members thereof
affirmatively concurring), AS FOLLOWS:**

Section 1. In order to finance the purposes described in Section 2 hereof, negotiable refunding bonds of the Borough are hereby designated as General Obligation Refunding Bonds (the “Refunding Bonds”) are hereby authorized to be issued to the MCIA in a principal amount not to exceed \$1,075,000. The proceeds of the Refunding Bonds are hereby appropriated to the purposes described in Section 2 hereof.

Section 2. (a) The purposes for which the Refunding Bonds are to be issued are (i) defeasing or refunding the principal amount of Refunded Bonds, including the payment of interest accrued thereon to the date fixed for redemption or defeasance, as applicable, and the redemption

price thereof, if applicable, and (ii) paying the cost of the issuance relating to the Refunding Bonds, including printing, advertising, accounting, financial and legal expenses, rating agency fees, underwriter's discount, bond insurance premium, if any, and MCIA costs of issuance, which may include any of the foregoing set forth in this Section 2(a)(ii).

(b) The aggregate cost of issuing the Refunding Bonds, as provided by N.J.S.A. 40A:2-51(b) (which amount includes all items described in Section 2(a)(ii) hereof) will not exceed \$55,000. Such amount is included in the maximum authorized principal amount set forth in Section 1 hereof.

(c) The Refunded Bonds shall be defeased or called for redemption, as applicable, prior to maturity thereof as provided in the Refunded Bond certificates. A portion of the proceeds from the sale of the Refunding Bonds shall be deposited in trust by the MCIA to provide for the payment and retirement of the Refunded Bonds. Any moneys held in trust by the MCIA may be invested as provided in N.J.S.A. 40A:2-60.

Section 3. Any further provisions as to terms of sale, deposit, securing, regulation, investment, reinvestment, disposition or application of the proceeds of the Refunding Bonds, and matters in connection therewith, shall be determined by resolution of the Borough adopted prior to the issuance of the Refunding Bonds.

Section 4. The Borough Council hereby delegates to the Chief Financial Officer of the Borough the power to sell the Refunding Bonds at private sale to the MCIA, to determine the terms of the Refunding Bonds and to perform such other actions and make such other determinations.

Section 5. The Borough Council hereby authorizes and delegates to the Chief Financial Officer, in consultation with Archer & Greiner P.C., Red Bank, New Jersey ("Bond Counsel") and Holman, Frenia, Allison, P.C., Lakewood, New Jersey (the "Borough Auditor"), the authority to negotiate and execute on behalf of the Borough any document for the purchase and sale of the Refunding Bonds to the MCIA.

Section 6. All other matters relating to the Refunding Bonds shall be performed or determined pursuant to a resolution of the Borough, or the performance or determination thereof shall be delegated by resolution of the Borough to an official or officer of the Borough, Bond Counsel or the Borough Auditor.

Section 7. A certified copy of this refunding bond ordinance, as introduced and adopted upon first reading, shall be filed with (i) the Director of the Division of Local Government Services in the New Jersey Department of Community Affairs prior to final adoption hereof, together with the statement signed by the Chief Financial Officer of the Borough required by N.J.S.A. 40A:2-55, and (ii) the MCIA.

Section 8. The full faith and credit of the Borough are hereby pledged to the punctual payment of the principal of and the interest on the Refunding Bonds authorized by this refunding bond ordinance. The Refunding Bonds shall be direct, unlimited obligations of the Borough, and, unless paid from other sources, the Borough shall be obligated to levy *ad valorem* taxes upon all the

taxable property within the Borough for the payment of the Refunding Bonds and the interest thereon without limitation as to rate or amount.

Section 9. After passage upon first reading of this refunding bond ordinance, the Borough Clerk is hereby authorized and directed to publish a summary of this refunding bond ordinance, together with a Notice of Pending Bond Ordinance, at least once in a newspaper qualified under N.J.S.A. 40A:2-19, at least seven (7) days prior to the date set for public hearing and further consideration for final passage (which date shall be at least ten (10) days after introduction and first reading). The Borough Clerk is further directed to comply with all provisions of N.J.S.A. 40A:2-17(b) regarding postings, publications, and the provision of copies of this refunding bond ordinance.

Section 10. After final adoption of this refunding bond ordinance by the Borough Council, the Borough Clerk is hereby directed to publish a summary of this refunding bond ordinance, as finally adopted, together with a Bond Ordinance Statement (with appropriate completions, insertions and corrections), at least once in a newspaper qualified under N.J.S.A. 40A:2-19.

Section 11. The Borough Council hereby covenants on behalf of the Borough to take any action necessary or refrain from taking such action in order to preserve the tax-exempt status of the Refunding Bonds authorized hereunder as is or may be required under the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (the "Code"), including compliance with the Code with regard to the use, expenditure, investment, timely reporting and rebate of investment earnings as may be required thereunder.

Section 12. The purpose of the issuance of the Refunding Bonds is to affect a debt service savings to the Borough.

Section 13. This bond ordinance shall take effect twenty (20) days after the first publication hereof after final adoption, as provided herein and the Local Bond Law, but not prior to the time that the consent of the Local Finance Board, Division of Local Government Services in the New Jersey Department of Community Affairs has been endorsed upon a certified copy of this refunding bond ordinance as finally adopted, as provided by N.J.S.A. 40A:2-55.
